SALKHIT WIND FARM PROJECT, MONGOLIA

Pacific Rim Constructors Mongolia was the first company to operate on the Mongolian Salkhit Wind Farm Project, constructing a 120 Man Camp (1,500 m²). The Salkhit Wind Farm is a flagship project for Mongolia's renewable energy sector and the energy sector as a whole.

OTHER PRC CONTRIBUTIONS

The project has introduced new and advanced technology and know-how to the industry. We are proud to play a part in this project and continue to provide Camp Services to international best quality and safety standards.

During its four years of operations within Mongolia, the company has developed a reputation for its quality of service, employee care, development of local communities, and environmental care programs.
