OS2 MAIN CONSTRUCTION CAMP RENOVATION & EXPANSION

LOCATION:
Odoptu, Sakhalin Island,
Russia

OPERATOR:
ExxonMobil

CLIENT:
ExxonMobil

SCOPE:
Concept, Feasibility,
Engineer, Construct

COLOSSAL ACCOMMODATION CAMPS

Pacific Rim Constructors began the renovation phase of an existing 660-man camp in 2013 and continued with the design, supply, delivery, and installation of an additional 900-man camp expansion. Nine fabric warehouses were also installed as part of this project. PRC was required to engineer, supply, and install the water and sewerage treatment plants.

Work was executed safely, within budget, and on schedule. Also, PRC undertook the facilities management, maintenance, and catering contract of the camp in October 2013. O&M activities are planned to continue into 2018.

\$44m USD
